The workshop were attended by CRC990-EFForTS researchers from UNJA, UNTAD, IPB, UGOE and LIPI. The Workshop was conducted with objectives as follows: i) to identify gaps (e.g. specific circumstances not covered by the draft); ii) to identify contradictions within the draft or inconsistencies with other regulations and laws; iii) to clarify inexplicit or ambiguous rules or wording; iv) to detect and solve controversial issues and v) to finalize the Agreement. A member of JMB University of Goettingen, Prof Kerstin Wiegand and scientist as resource persons, Dr. Heike Neuroth, were present and details can be found here (@izs).
