"Choosing to be positive and having a grateful attitude is going to determine how you're going to live your life."
One big hump that we must all get over in our lives is dealing with the impossible. As we face life, and as we encounter both the good and the bad, we have to realize that a positive attitude is the key to becoming invincible in life and is also key to accomplishing what many feel is impossible.

Through the challenges and trials we face in our lives we either allow life to make us better, or we allow life to break us away from giving a full fledged effort for the rest of it. To do "impossible" things we have to confront the most absurd of opportunities, take the boldest of risks, and be who we are at our core day in and day out.

We also have to come to realize that the only scenario in which the "impossible" will ever be able to defeat us, is when we start thinking in a negative and defeated manner. Stay positive in everything you do, never stop trying, and believe wholeheartedly that failure is not an option!
