Yes, of course you are busy.  
Even so, make time for more then just being busy.

This day will only be here once.  
Make the time, while you can,  
do something unique and memorable and valuable with it.

Certainly there are many, many things you have to do.  
Make time, each day, to remember why.  
Being busy is not the point of life.  
Make the time, use the time, to be purposeful.

Show your love to someone special,  
not merely with your words, but with your time.  
Instead of rushing right past life's beauty, make time  
to tryly enjoy the wonders with which this day is filled.
make some time that has real lasting meaning.
make some time, today and every day, to live
and appreciate the miracle that you are.
