Surround Yourself With Only People Who Are Going To Lift You Higher
"Surround yourself with only people who are going to lift you higher."

Beware of the fool! When you give too much time and thought to allowing foolish people in your life, eventually if not sooner than later, they will help to influence you to think as foolishly as they do, and from this you will start to act as foolishly as they do.

Remember that dwelling in the fellowship of people who continue to show you time after time that they are not at all interested in change, will only bring you down with them, and you can be sure to believe that people of this nature are doing nothing but going down.

As humans we are all for the most part given mechanisms within our own brains to reason for ourselves and if we choose not to then we are fools ourselves.

Use your brain, and give time to people who help to influence you to do the same, so that you and me can be all that we can be.
