We Make A Life By What We Give

"We make a living by what we get, but we make a life by what we give. -Winston Churchill"
One principle that many never learn by their life's end is the importance of giving and blessing others in the world besides themselves. When you give, you give not only what you are tangibly letting go of, but you also give a great example to the person with whom you are giving to, and to those around you that see you blessing someone else. Giving is a great teacher of love, self-worth, and selflessness all at the same time, especially in a day and age in which people seem to loathe giving to others because of pre-determined judgments they might have in their minds.

Don't worry about becoming poor by giving because in actuality when you give what you need most to others, you will receive it back in great abundance. Feel like there is a lack of love in your life? Give love to someone else who needs it. Feel as though you are lacking in wisdom in your life? Give someone else some wisdom that you are already fortunate enough to have, and you will receive more wisdom in abundance! Be selfless, no one has ever become poor by giving.
