Lecture

Undergraduate Courses:

1. Computer Application (Introduction to Computing and Java Programming)
2. System Analysis and Decision Theory
3. Operations Research

Master (M)/ Doctoral (D) Courses:

1. Agro-Industrial Supply Chain Management (M/D)
2. Agribusiness and Agro-Industrial Simulation Systems (M)
3. Intelligent Systems (M/D)
4. Agro-Industrial Production System Analysis and Design (M)
5. Agro-Industrial Business Intelligence (M/D)
6. Natural Computation Application in Agro-Industry (M/D)
7. Applied Data Mining (M)
8. Knowledge Engineering Systems(D)
